Thanks Alanna. Please let me know if I can be helpful in anyway as you navigate this complicated (and contentious) issue.

It's hard for me to specifically address the resolution because I haven't seen the text yet (hopefully it will be released soon). But in general, I'm concerned about both the double standard resolutions like this hold Israel to, and that the ultimate goal of the resolution isn't a lasting piece, but the eventual delegitimization of the State of Israel.

Dear Alanna,

I hope all is well! I'm curious if you have time to meet about the upcoming HP-Boycott resolution. I have some serious concerns about the boycott's origins and goals I'd like to speak with you about You're probably inundated with requests like this so if you don't have time to meet please let me know the best way to share my thoughts.

Thanks in advance!
